DECLARATION

I, Lonnie R. Mullins, state that I am President of Bluestone Broadcasters, Inc., licensee of AM Station WMTD, Hinton, WV. The station is off the air.

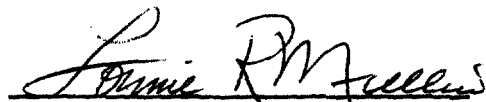

Local notice of the designation for hearing of the station's application for license renewal was accomplished by publication in the HINTON NEWS, a weekly, the only news paper published and generally circulated in Hinton, Summers County, WV. The commencement of publication was done after I was given advice and instructions as to form and language, by counsel, after counsel was engaged. Prior to engaging counsel, I spent much time trying to digest the Hearing Order and the Pre Hearing order and the referenced FCC rules, trying to chart a course of action without counsel.

Considering the mail time from Washington to Hinton for the order establishing the date of the hearing, securing counsel and receiving guidance and dealing with a weekly publication schedule, I can state that I strived diligently to comply with the FCC rules regarding this matter.

Agreeable with counsel's recommendations, the text of the notice expanded the date relative to members of the public to provide the thirty days after release of hearing date order equivalent.

Executed and declared true and correct, under penalty of perjury, this 7th day of November, 1996.

LEGAL NOTICE NOTICE OF FCC HEARING

The application for renewal of license of WMTD, 1380 kHz, Hinton, WV, Bluestone Broadcasters, Inc., licensee, has been designated for hearing by the FCC. The WMTD application for renewal of license to operate in the public interest was tendered for filing with the Federal Communications Commission on May 31, 1996. After considering the application, the FCC has determined that it is necessary to hold a hearing to decide the following questions: (1) to determine whether Bluestone Broadcasters, Inc. has the capability and intent to expeditiously resume the broadcast operations of WMTD(AM), consistent with the Commission's Rules; (2) to determine whether Bluestone has violated Secs. 73.1740 and/or 73.1750 of the Commission's Rules; and (3) to determine in light of the evidence adduced pursuant to the preceding issues, whether grant of the subject renewal of license application would service the public interest, convenience and necessity. The hearing will be held in an FCC courtroom, before Admin. Law Judge Sippel, commencing at 10AM on Jan. 28, 1997. Members of the public who desire to give evidence concerning the foregoing issues should write to the FCC, Washington, D.C. 20554, not later than October 17, 1996 or thirty days from first publication of this notice (October 15), whichever is later. Letters should set forth in detail the specific facts concerning which the writer wishes to give evidence. If the FCC believes that the evidence is legally competent, material and relevant to the issues, it will contact the person in question. A copy of the renewal application and related material are on file for public inspection, during normal business hours, at WMTD, 95 Pleasant St., Hinton, WV.
